Notice to Customers -- If you believe this bill includes unauthorized charges, you should contact Green Mountain Energy to dispute those charges. If not satisfied with our review, you may file a complaint with the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, 512-936-7120 or toll-free in Texas at 1-888-782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at 512-936-7136 or toll-free at 1-800-735-2988.

PUCT Required Notice: Involuntary Load Shedding. If there's a situation where there's not enough electricity supply to meet customer demand (load), the Electric Reliability Council of Texas (ERCOT) may instruct your transmission and distribution utility (TDU) company to implement temporary service interruptions. This is done to help protect the electric grid and is known as **involuntary load shedding**, and it will be conducted based on the TDU's procedures. For more information and to learn how you can help conserve energy, visit greenmountain.com/loadshed.

Notice - Certain customers may be eligible to apply for the following designations based on their medical status or the nature of the business:

- **Critical Care Residential Customer:** A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as being dependent upon an electric-powered medical device to sustain life.
- **Chronic Condition Residential Customer:** A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as having a serious medical condition that requires an electric-powered medical device or electric heating or cooling to prevent the impairment of a major life function through a significant deterioration or exacerbation of the person's medical condition.
- **Critical Load Public Safety Customer:** A non-residential customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.
- **Critical Load Industrial Customer:** An industrial customer for whom an interruption or suspension of electric service would create a dangerous or life-threatening condition on the retail customer's premises.

You can apply for the applicable designation, which affords certain protections. Please contact Green Mountain Energy for more information. Critical Care Residential Customer and Chronic Condition Residential Customer designations require an application your physician completes and submits to your transmission and distribution utility (TDU) on your behalf. Critical Load Public Safety Customer and Critical Load Industrial Customer designations require you to complete an application with your TDU.
